**THE EMPLOYMENT LAW ATTORNEYS ARE ASSISTING EMPLOYERS WITH THESE ACTUAL QUESTIONS AND MUCH MORE**

- *We will be closing our offices, hopefully on a temporary basis, and will need to layoff or furlough our employees. Can they get unemployment compensation?*
- *We have a few employees over 60 and 70 years of age. Will we be discriminating based on age if we send these employees home?*
- *We have an employee who was injured on the job and is working on modified duty. Our sales have suffered at that location due to COVID-19 and we need to know if we are able to cut his hours or lay him off even though he's on modified duty. We need to cut staff back in order to be able to survive this.*
